Subject: STEPSchule, Biogarten und mehr...

Maayong Buntag, good morning!

How are you? We hope and pray that you are happy and healthy!

Here is a little glimpse into our mission projects:

In addition to today's birthday celebration of one of our STEPS pupils Sophia, who turned 4 years old, the children are busy learning forms and numbers, reading daily and doing many writing exercises.

↑ Sophia, middle, is enjoying her party

← Writing exercises with our preschoolers
→ One of the students of the nearby Elementary school doing his Phonics lesson in our computer room. Weekly we teach 80 1st graders Phonics classes at our mission school

During the last 2 weeks my (Eveline's) brother with his wife Ruth and their triplets Lea, Sarah and Julia were visiting Bohol. Besides having holidays, the girls were helping us in the school and were learning about organic gardening and how to make EM (Effective Microorganisms)

We wish you many happy and blessed days and send you warm regards,

Manny, Eveline und Team

May God bless you!

Together we can make a difference
Zusammen verbessern wir unsere Welt
