

Subject: News from Bohol

Dear ones,

Greetings from Bohol!

We hope and pray you enjoy summer and are happy and healthy!

Here some news from our **STEPS school**

The children in our 2 preschool groups are very happy to learn. Today for example one of the students had injured his foot on the way here, but he still wanted to come to school. When Ellen, our teacher, asked his parents to go see the doctor with him, he cried. We are now in the 4th week, and the 3- and 4-year-olds have already learned their first words, among other things! Here are some photos:

Reading we learn in smaller groups

Momo, our volunteer from France, is helping to teach the alphabet to the children

Last week we started again with our phonics computer course for the first years students of the nearby elementary school. We are using an educational software to improve the pupils grammar, word order, vocabulary and spelling skills and help develop their phonemic

awareness, fluency, vocabulary and text comprehension. Stefan has 65 students and is teaching one hour of phonics to each of them on 2 days.

We thank you for your continued friendship and help and send you greeting & God's richest blessings,

Manny, Eveline und Team

Together we can make a difference
Zusammen verbessern wir unsere Welt
